# Why Choose India?

## Unique Opportunities

India is one of the world's fastest growing economies with a population of 1.38 billion... We are known for frugal innovations and have a booming social impact space. Work with an organisation by way of an internship, research placement or volunteership and help them achieve their goals while also gaining valuable work and cultural experiences! The organisations we work are flexible, inclusive and relevant to the problems facing Indian society today...

## Cultural & Interactive Sessions

Immerse yourself in India's vibrant culture through exciting complimentary virtual sessions:

- An Engaging Dialogue on Indian Culture & Society (Orientation)
- Yoga & Meditation
- Indian Art Therapy & Mindfulness
- Bollywood Dance

Eminent Guest Speaker sessions based on requests

## Care & Support

The Virtual Mojo and Go India Initiative offer customised virtual exchanges & placements in India for students from across the world. We are focused on connecting India with the rest of the world through experiential learning programs in a diverse range of fields. Our team will be there to support you before and during your placement, and also to organise sessions that enhance your experience!
