Study Abroad Internship Program

Our unique [Study Abroad Internship Program](#) (ARTS2600) provides the opportunity to gain work experience within the Australian marketplace. Students enhance their skills and develop confidence by undertaking a credit-bearing Study Abroad Internship unit of study through one of our many industry partners.

We work with companies from a variety of fields including start-ups, technology firms, financial service providers and non-profits.

Applicants are placed on a best-fit basis. Placement is competitive and based on eligibility criteria such as GPA (3.2 minimum on standard US scale), applicability of academic studies to the placement, and the outcome of a Skype interview.

Through rigorous academic curriculum and minimum 120 hours (15 day) placement, students have the opportunity to:

- become familiar with Australia's workplace culture
- apply their learning in real-life environments
- enhance their interpersonal, communication and cross-cultural skills
